

<b>Project Name:</b>	<b>ST LUKE'S CHURCH</b>
New Build/refurb:	New Build
Procurement route:	Design & Build
Contract start date:	March 2005
Completion date:	November 2005
Contract value:	£1.4m
Client:	St Luke's Church
Lead Consultant:	A4 Architects

**Project Description:**

Construction of a new 2 storey community centre

**Construction details:**

A Design and Build contract to provide a new community centre for the church with a 2-storey amenity block linked to the existing church, which was converted into a multi-purpose hall with a kitchen.

The construction of the new church incorporated diaphragm walls, under floor heating and featured beamed ceiling.

A baptism pool, meeting rooms and viewing gallery were provided within the new buildings.
